

To whom it may concern,

Please be informed I want to expand community radio, including Low Power FM radio, to reach my neighborhood. I also want to see the end of the persecution of low-power radio broadcasters. The airwaves are public property. We all have a right to use them.

I want to protect locally produced news broadcasts, and give local citizens the power to make their voices heard on their own airwaves. Finally, I want the FCC to restrict the power of big companies like Clear Channel and Viacom to buy up numerous stations in individual markets. Diversity in media, and the ability to express numerous points of view, is the key to a healthy society. Sincerely,  
Allan Martin Kemler
